

# MALARIA NUMBERS BY COUNTRY

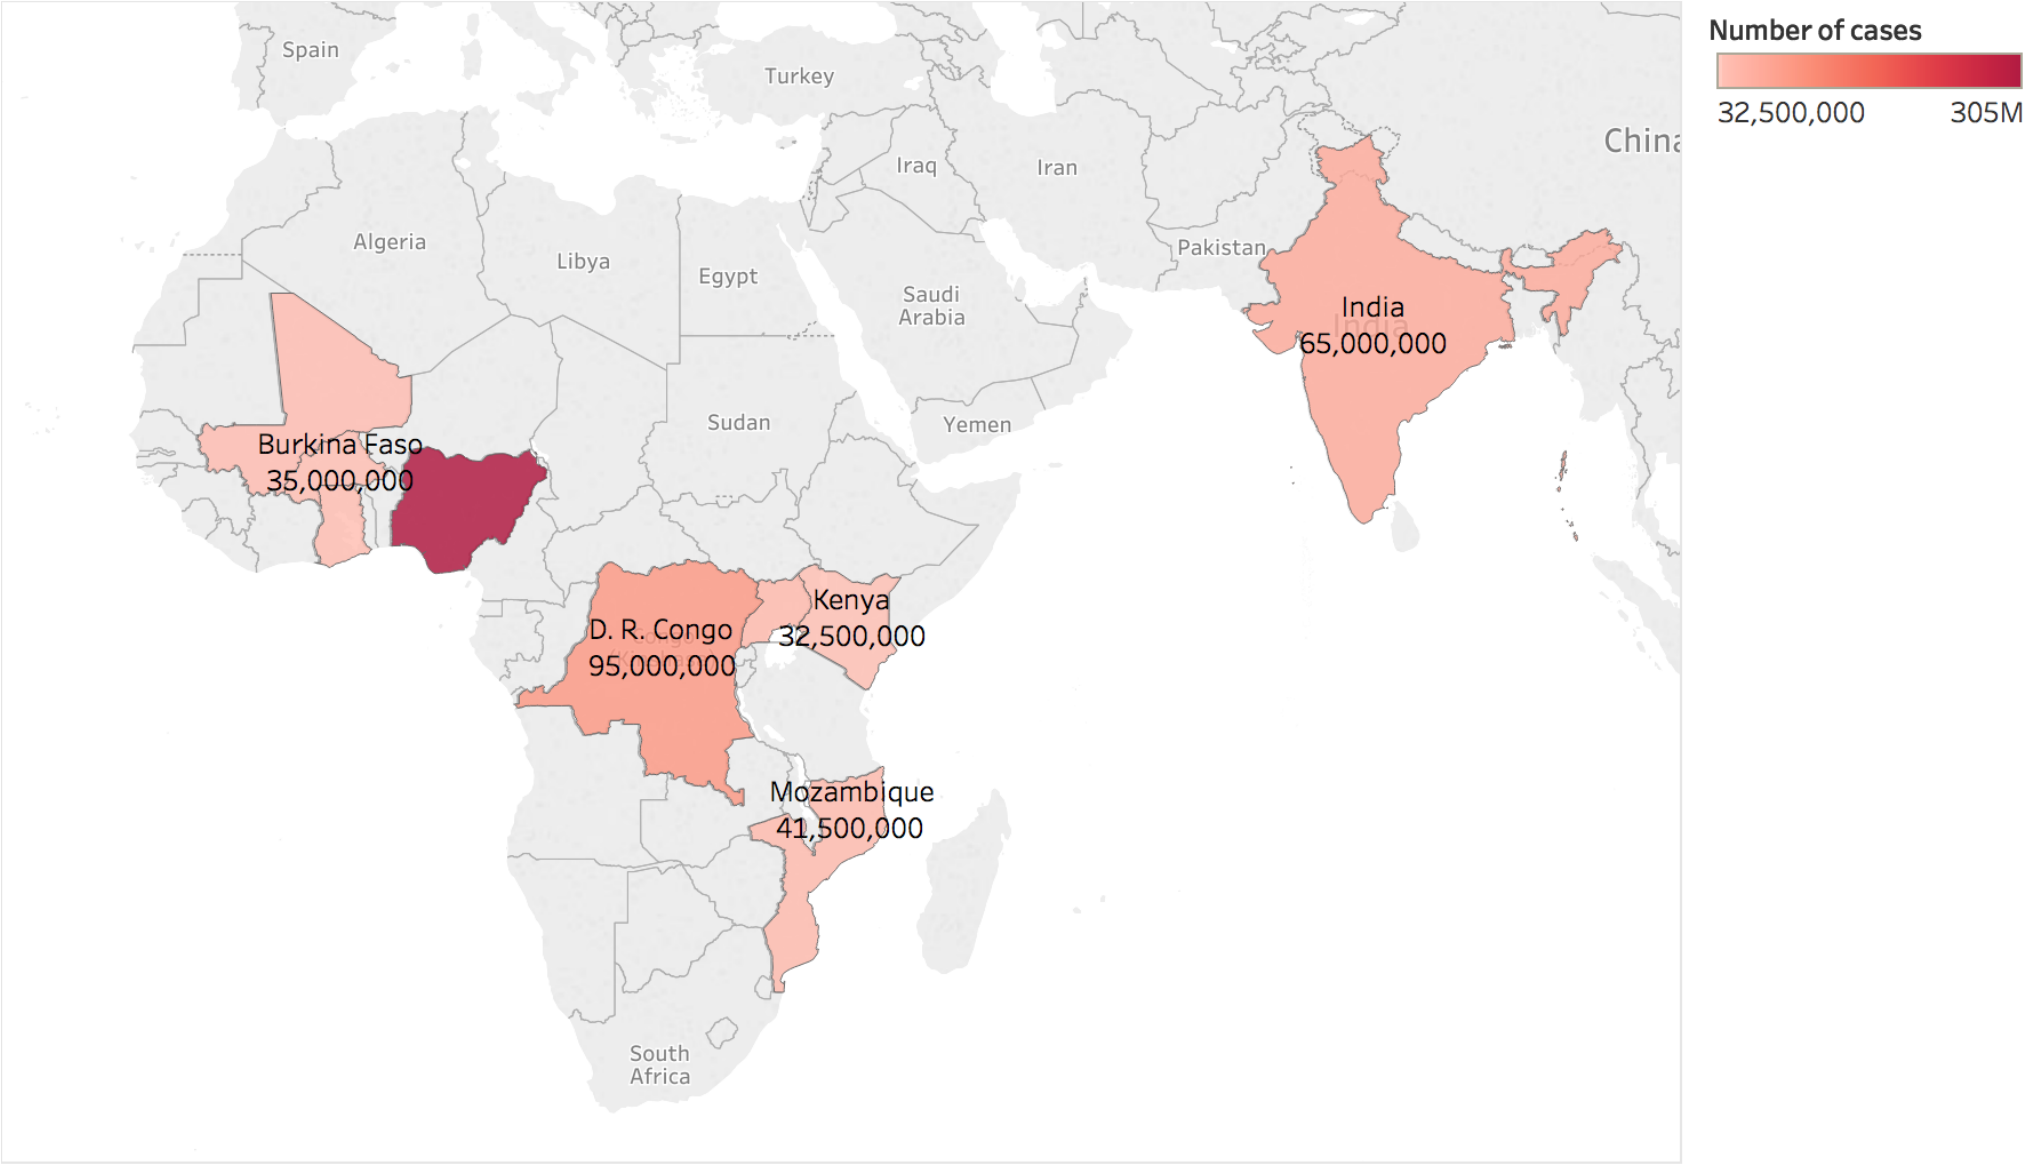

2015

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Suspected malaria cases. Details are shown for Country.

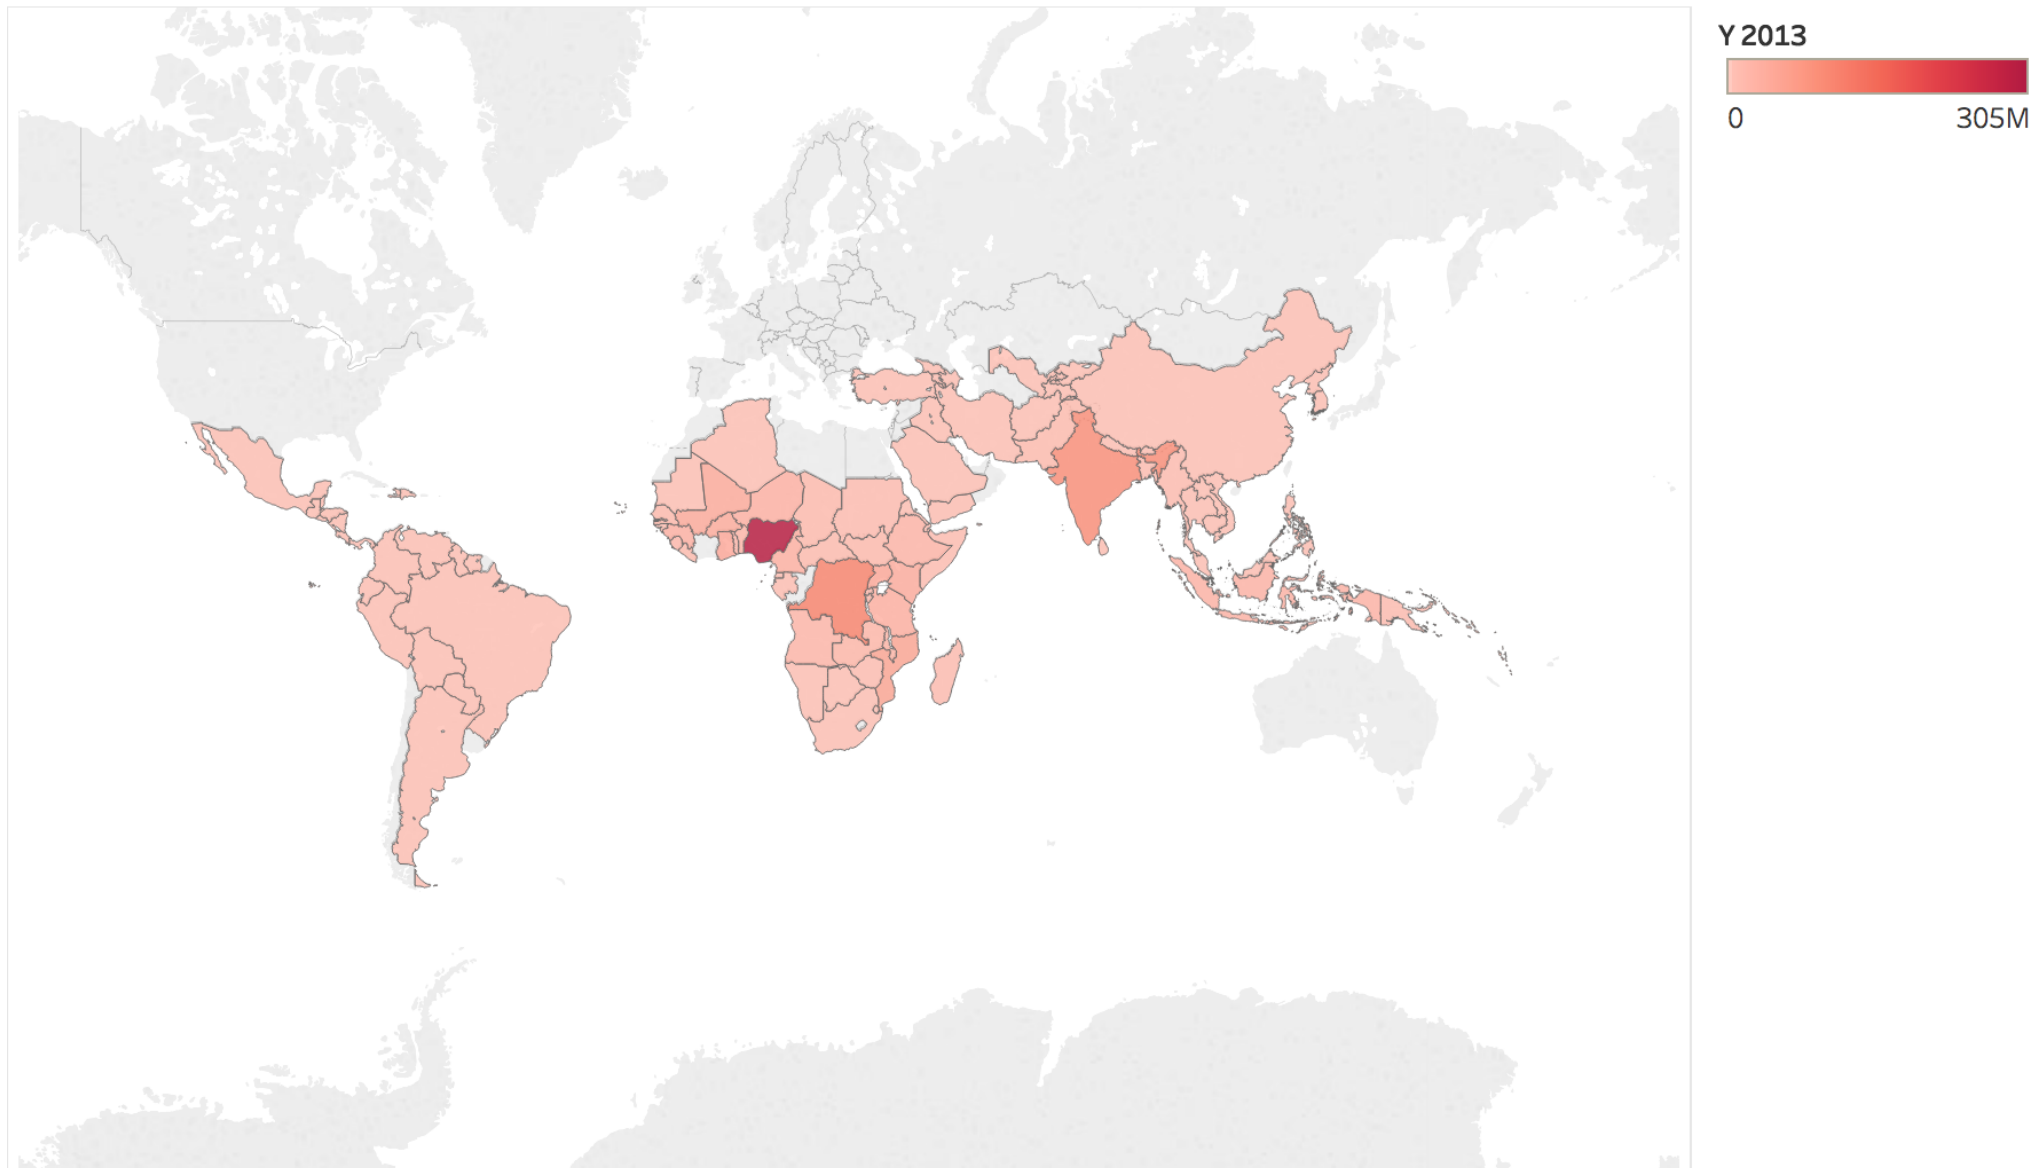

# TOP TEN COUNTRIES BY MALARIA NUMBERS

## 2015

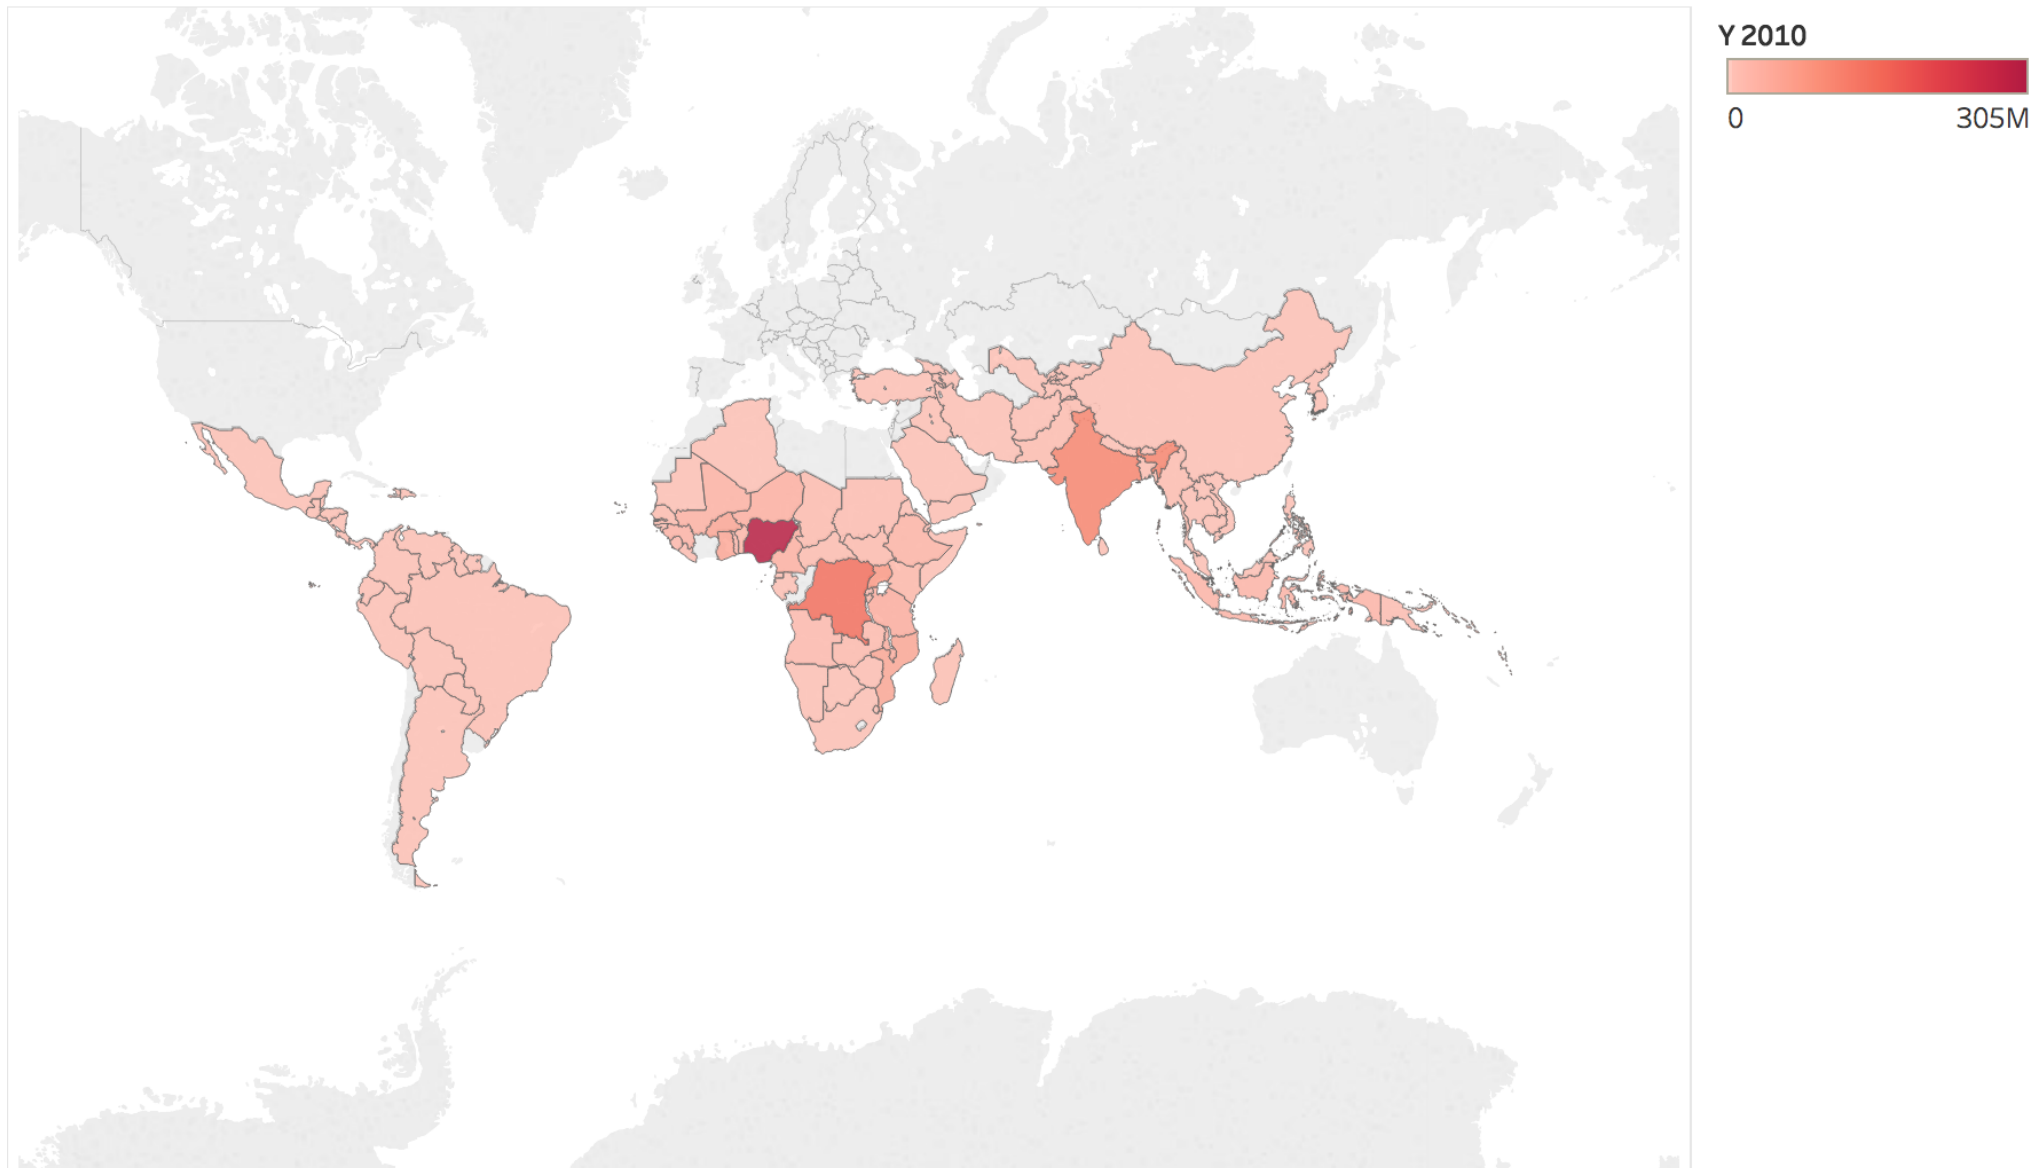

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Suspected malaria cases. The marks are labeled by Country and sum of Suspected malaria cases. The view is filtered on Country, which keeps 10 of 100 members.

# GLOBAL MALARIA COUNT 2013

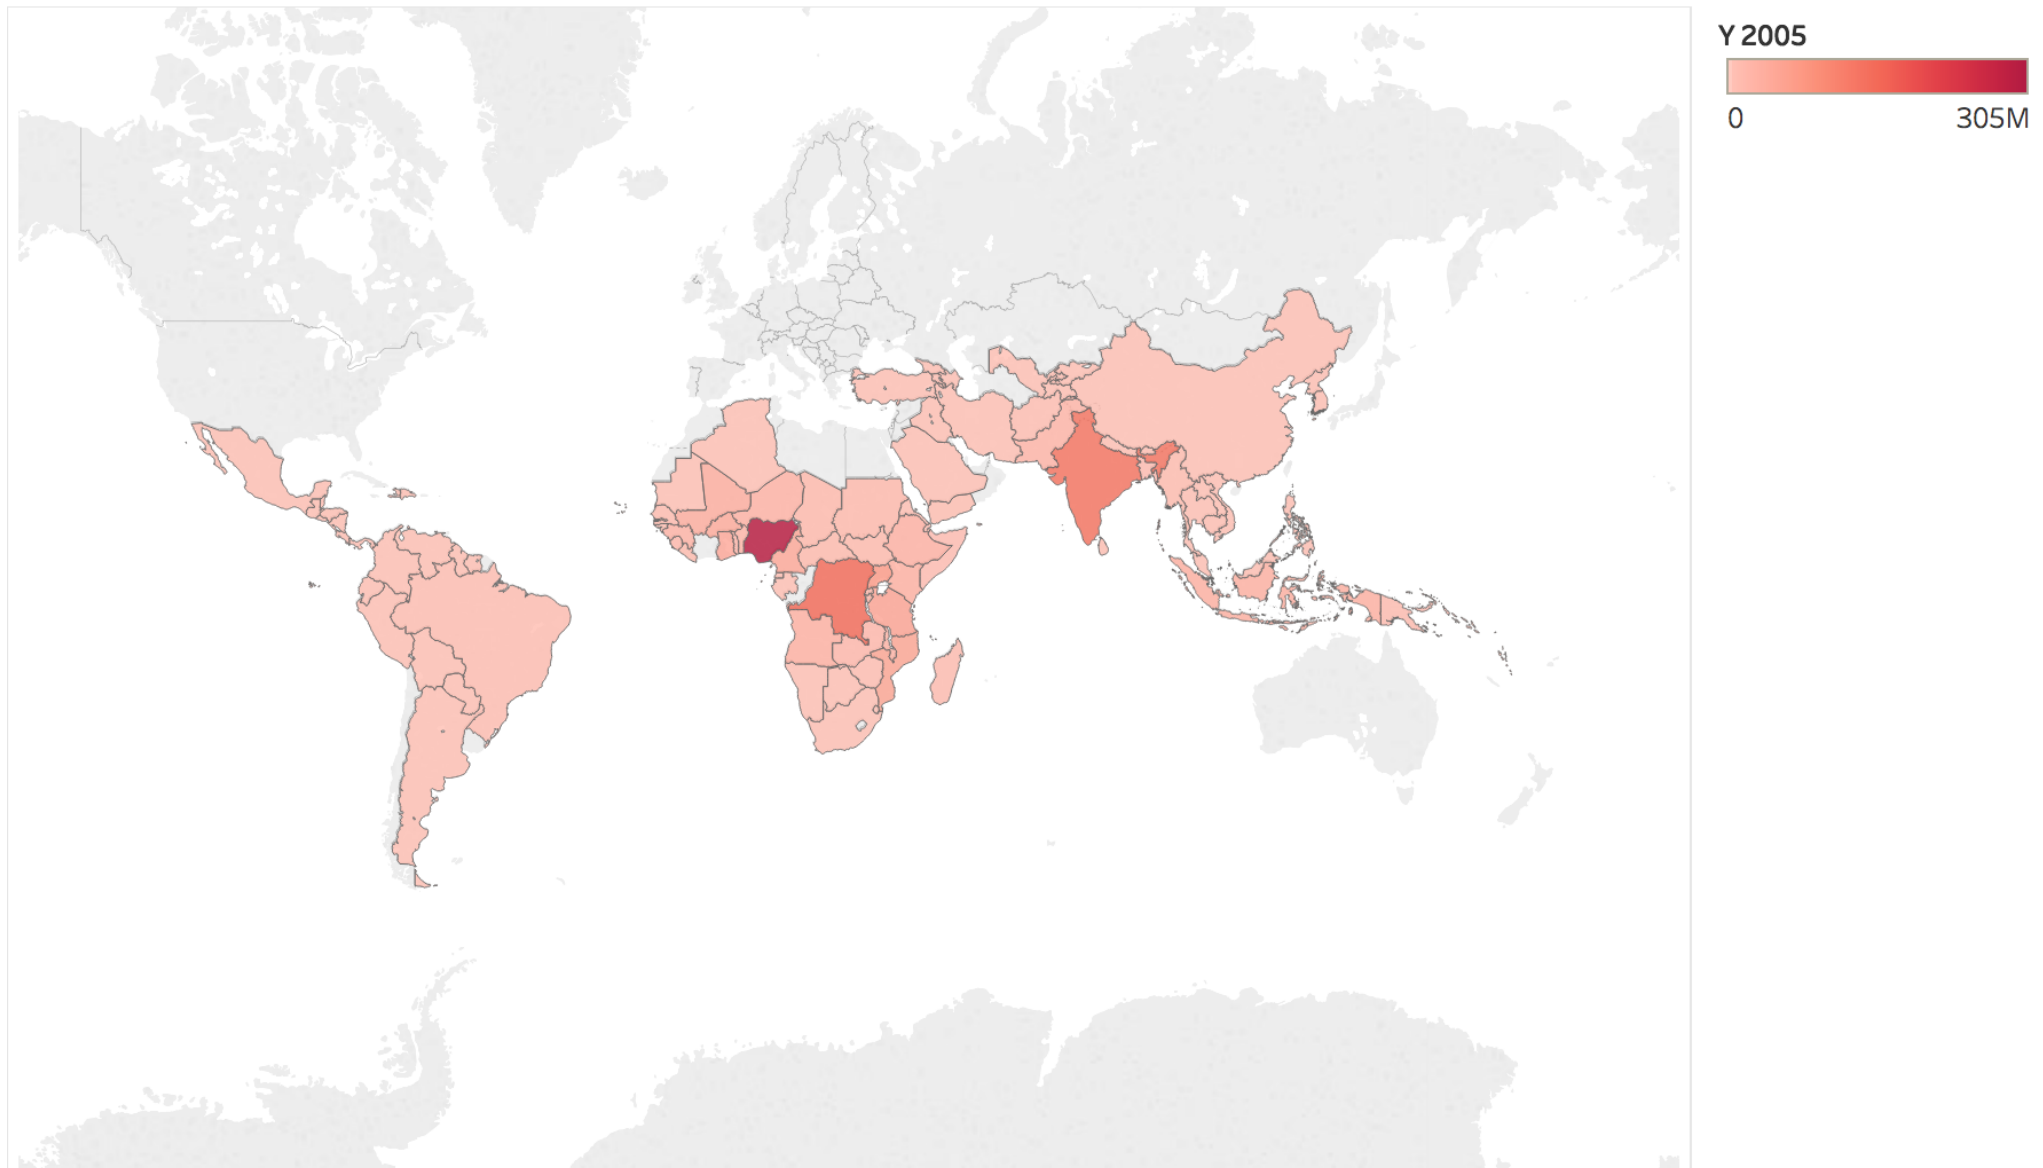

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Y 2013. Details are shown for Country.

# GLOBAL MALARIA NUMBERS 2010

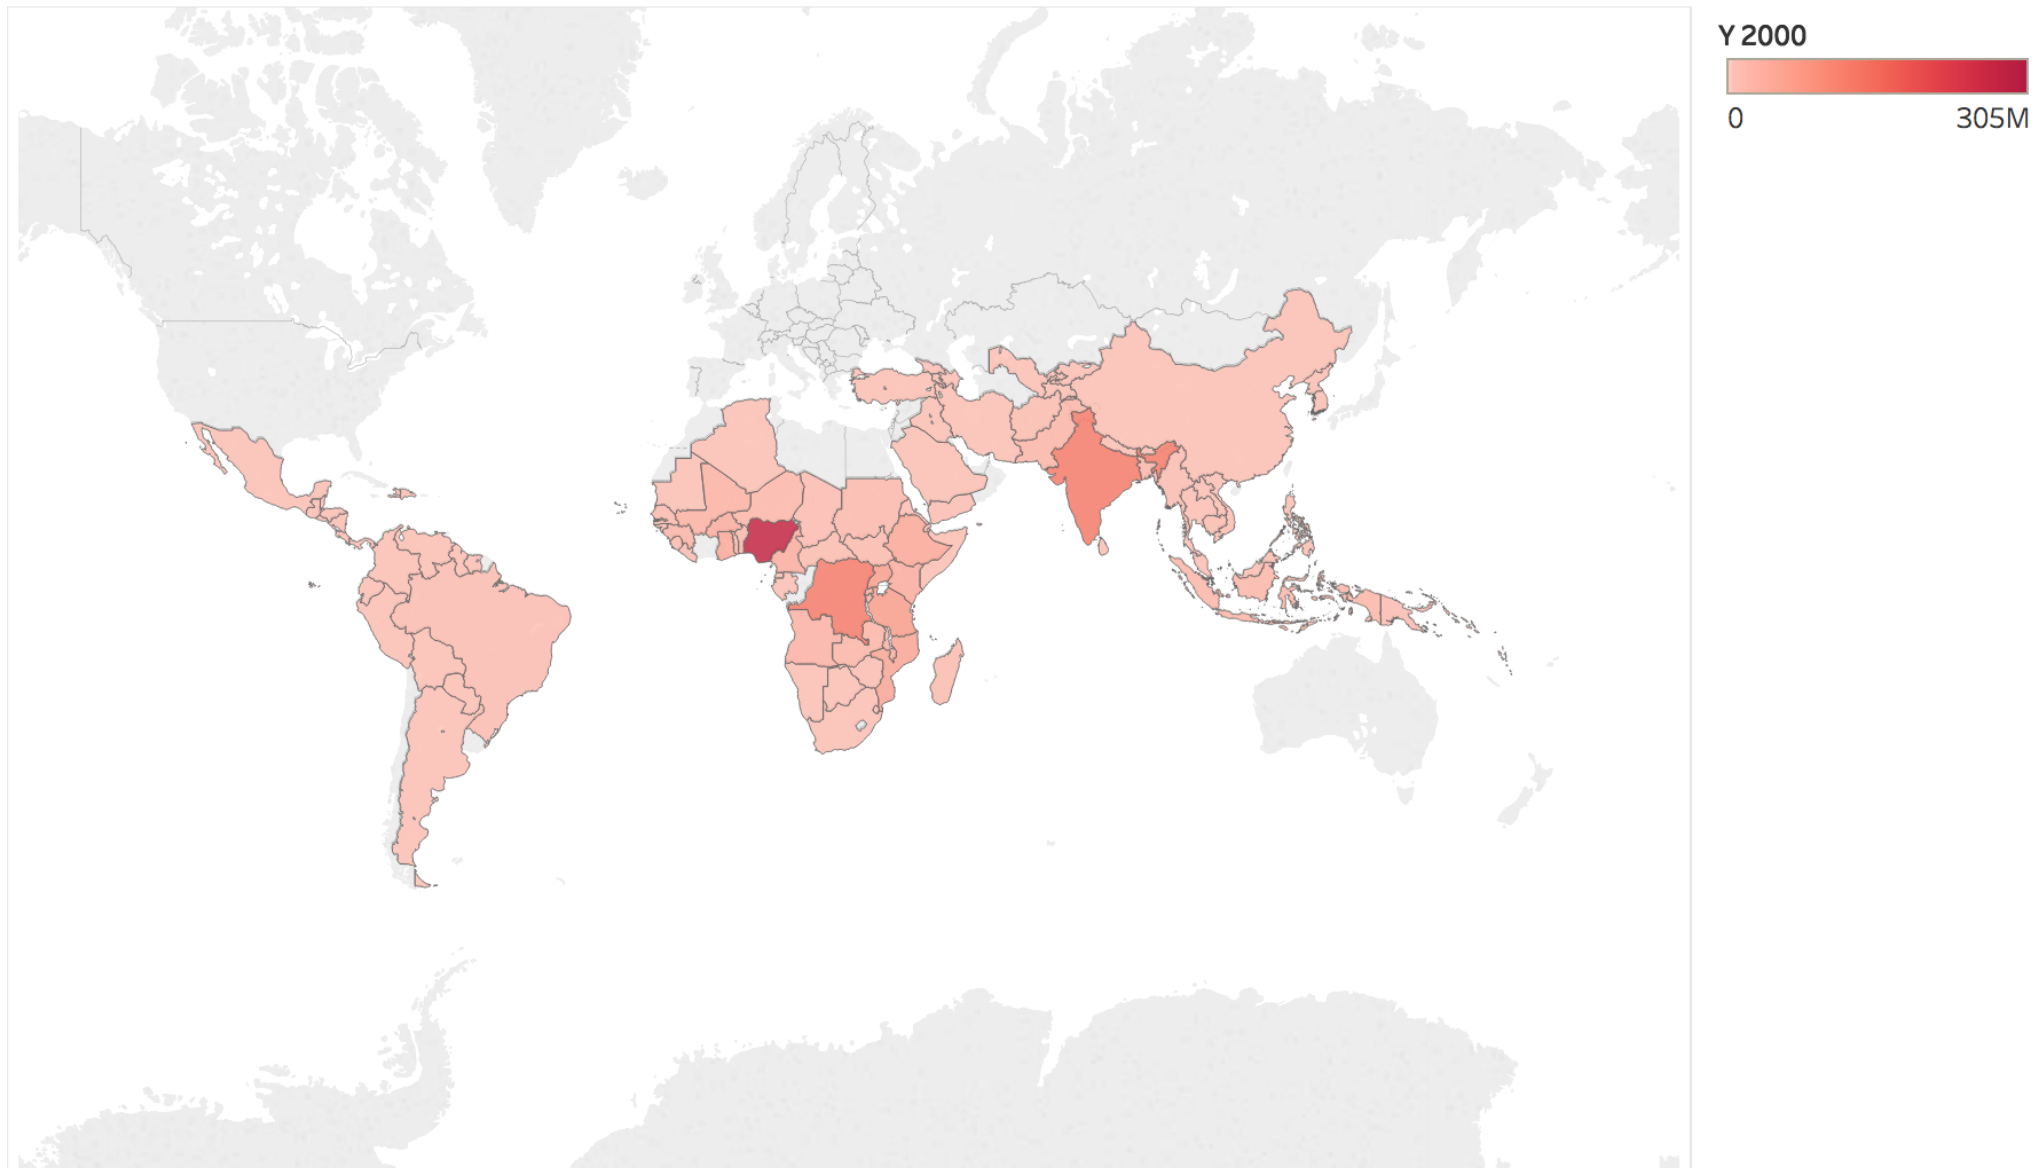

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Y 2010. Details are shown for Country.

# GLOBAL MALARIA NUMBERS 2005

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Y 2005. Details are shown for Country.

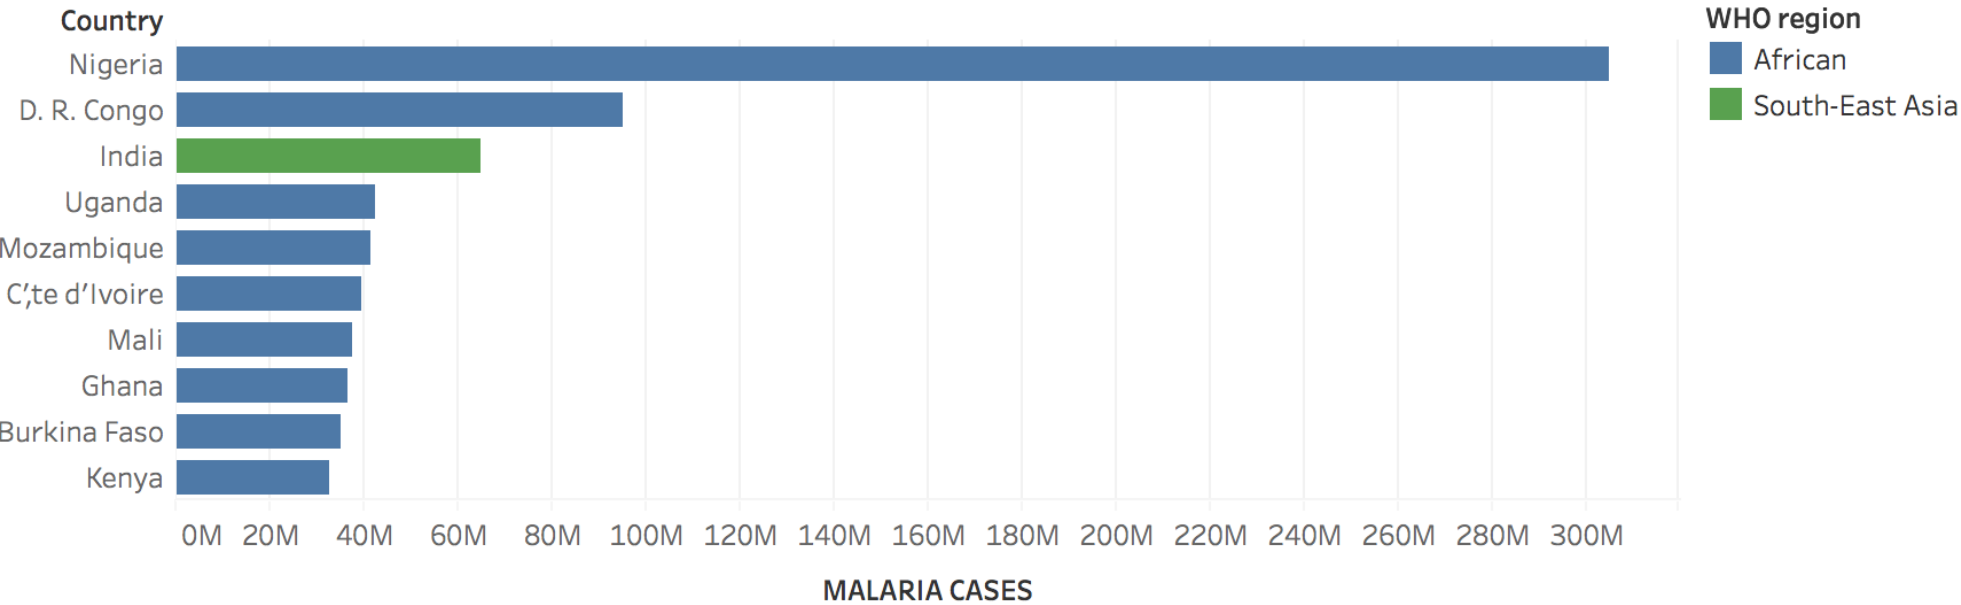

# GLOBAL MALARIA NUMBERS 2000

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Y 2000. Details are shown for Country.

# TOP 10 COUNTRIES

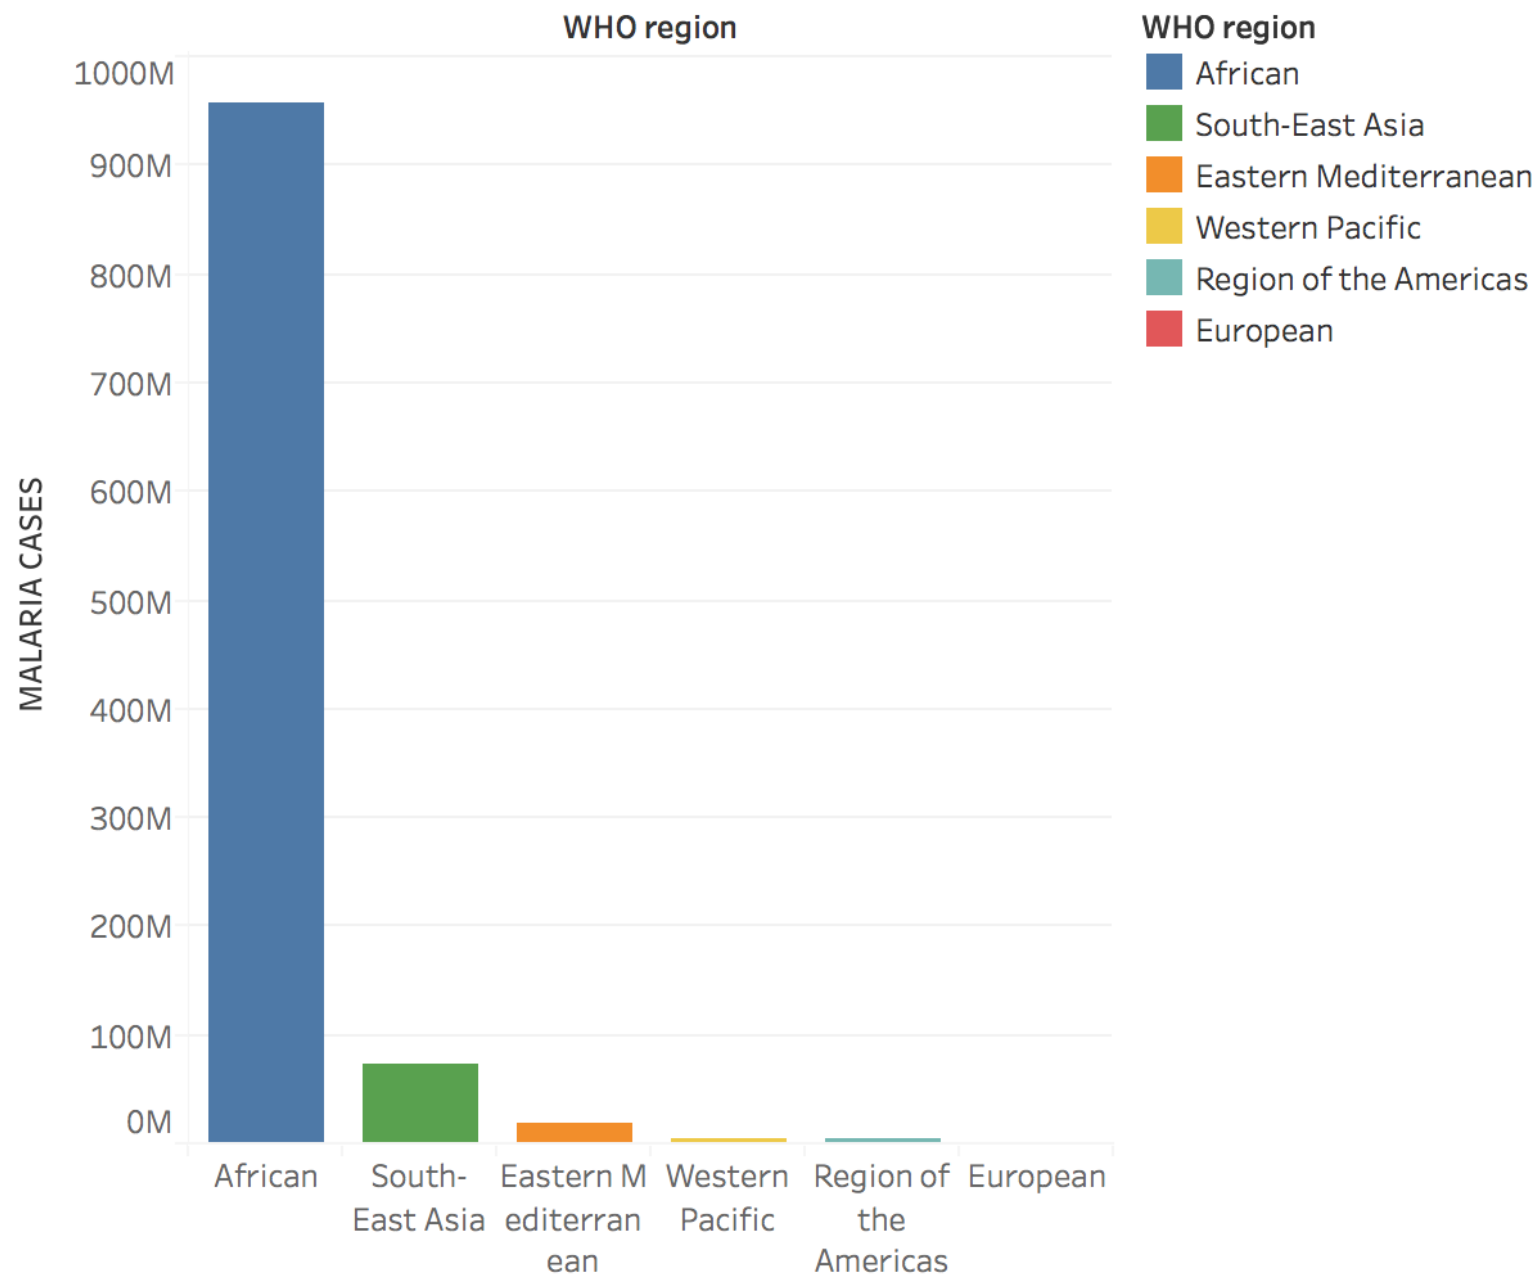

2015

Sum of Suspected malaria cases for each Country. Color shows details about WHO region. The view is filtered on Country, which keeps 10 of 100 members.

# MALARIA NUMBERS BY REGION

2015

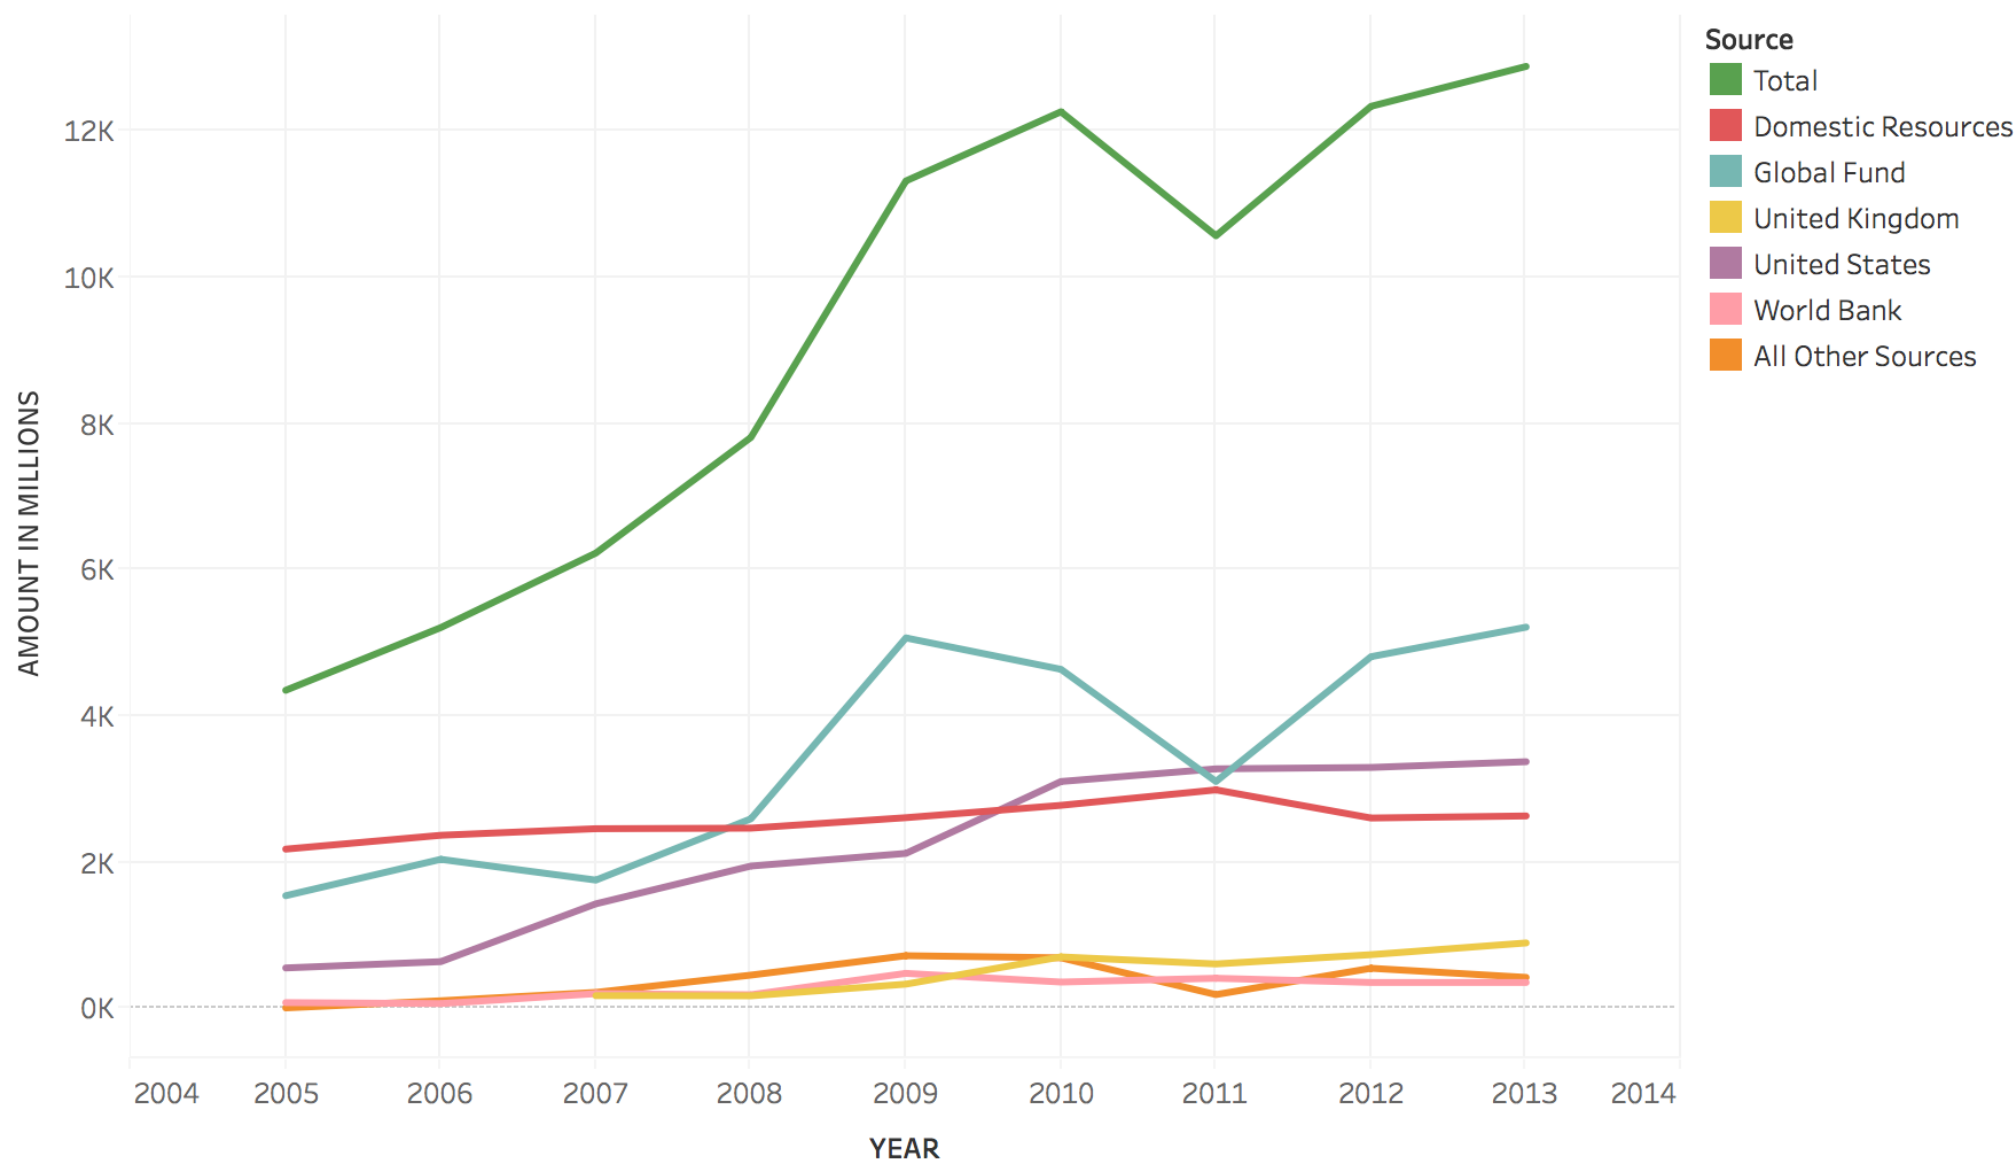

Sum of Suspected malaria cases for each WHO region. Color shows details about WHO region. The view is filtered on WHO region, which excludes Null.

# GLOBAL FUNDING INCREASED

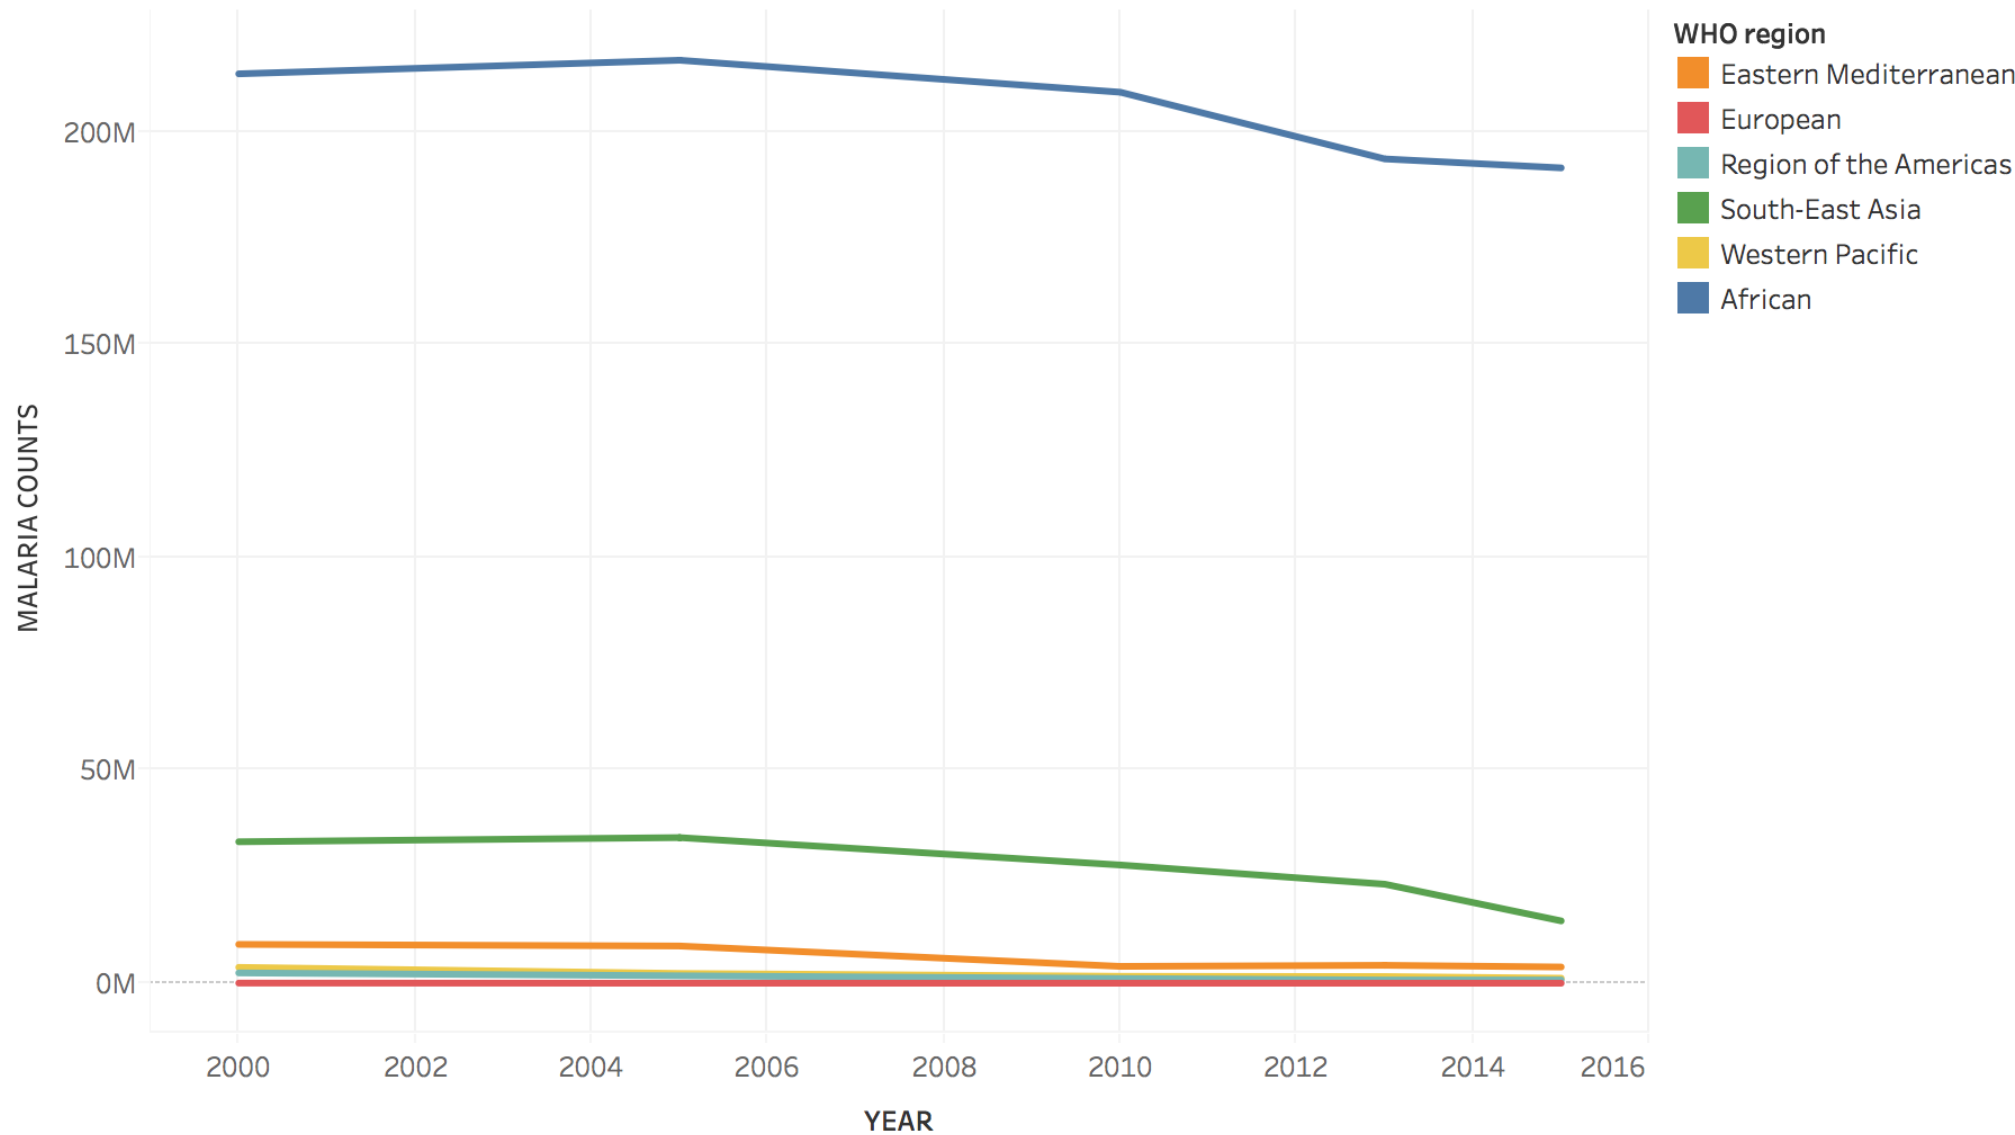

2005 - 2013

The trend of sum of Amount for year (global-funding-byYear.csv). Color shows details about Source. The view is filtered on Source, which excludes Null.

# MALARIA CASES DECREASED

## 2000 - 2015

The trend of sum of Estimated Malaria Counts for Year. Color shows details about WHO region. The view is filtered on WHO region, which excludes Null.

# GLOBAL MALARIA NUMBERS

Year

Null

2000	261,976,160
------	-------------

2005	263,629,500
------	-------------

2010	243,595,510
------	-------------

2013	223,257,980
------	-------------

2015	211,765,312
------	-------------

Sum of Estimated Malaria  
Counts broken down by  
Year.

# GLOBAL FUNDING AMOUNT

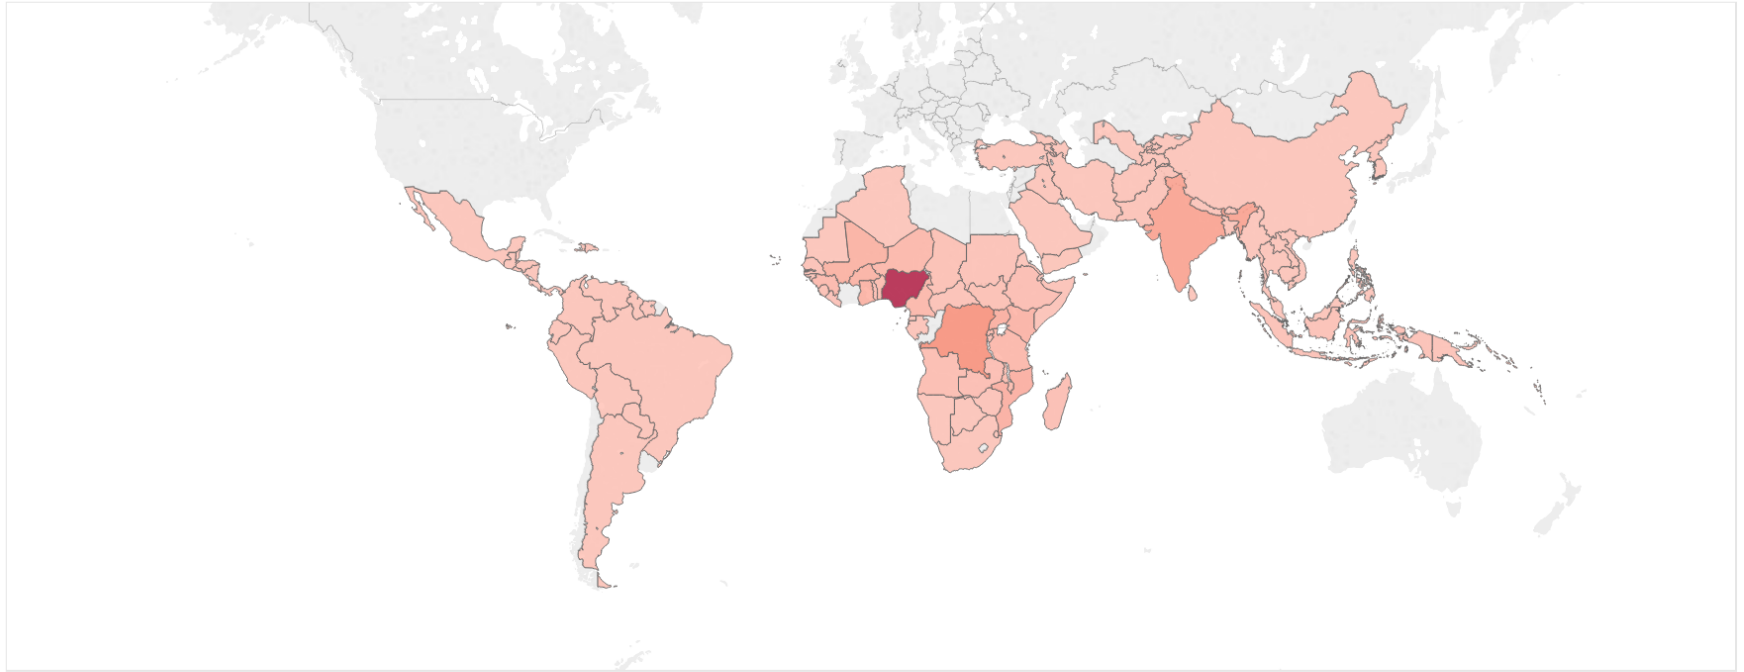

year (global..	Total
2005	4,353
2006	5,212
2007	6,232
2008	7,815
2009	11,326
2010	12,273
2011	10,576
2012	12,348
2013	12,894

Sum of Amount broken down by Source vs. year (global-funding-byYear.csv). The view is filtered on Source, which keeps Total.

Number of cases  
0 305M
